

# PALM OIL MILL LISTS

July – December 2020

- **FERRERO'S COMMITMENT TO THE RESPONSIBLE SOURCING OF PALM OIL IS AT THE CORE OF OUR STRATEGY:**

- **Sourcing palm oil that is 100% RSPO Certified Segregated (SG) and traceable back to plantations**

- We are aware that the palm oil supply chain faces environmental and social challenges and, through active collaboration with NGOs, key stakeholders and suppliers, we work to secure a 100% deforestation-free, and exploitation-free palm oil supply chain with actions that go beyond basic requirements and certifications.
- **Traceability and transparency** have always been a fundamental element in Ferrero's approach to sustainable palm oil and, since 2018, we publish every six months the list of mills from which we source our palm oil.

We also disclose all **fresh fruit bunch (FFB) sources** (plantations including smallholders) and the Universal Mill List identification numbers to easily identify and track our sources.

In line with our commitment, we are pleased to publish our latest list of mills related to:

- **Ferrero's products** – not including acquired products (100% RSPO Certified SG sustainable palm oil);
- **Ferrero's acquired products: Thorntons, Fannie May** and the brands that were part of **Nestle's chocolate business in the United States** (currently conventional and certified palm oil).

We are currently working to extend our commitment to source only sustainable palm oil that is 100% RSPO Certified Segregated to the acquired products that have joined the Ferrero extended family in the past few years.

By combining both Ferrero and acquired products, between July and December 2020 the Ferrero Group sourced 99.65 % of RSPO Certified Segregated palm oil and 0.35 % conventional palm oil. Of this total, 99.86 % is traceable back to plantations.
